

**Dr. Shahrum Abdullah**

From: Djamaluddin F, Abdullah S, Ariffin AK, and Nopiah, Z. M., “Multi objective optimization of foam-filled circular tubes for quasi-static and dynamic responses”, *Latin Am J Solid Struct.* 2015;12:1126–1143. The figure caption reads: Fig. 9 Deformation mode of double circular tubes: (a) empty, and (b) foam-filled tube.
