### **Selected Publications:**

Castanie B., Barrau J.J. (1994) : Avant projet de montage d'essai de plaques sandwichs en sollicitations combinées compression-cisaillement. Rapport d'avancement des travaux avril 1994.

Castanie B., Barrau J.J. (1994) : Montage d'essai de plaques sandwichs en sollicitations combinées : présentation de la définition finale. Rapport d'avancement des travaux septembre 1994.

Castanie B., Barrau J.J. (1995) : Validation du montage d'essai de plaques sandwichs. Theorie des plaques sandwichs dissymétriques. Rapport d'avancement des travaux décembre 1995.

Castanie B., Barrau J.J. (1996) : Rapport intermédiaire sur les essais de plaques sandwichs. Rapport d'avancement des travaux juin 1996.

Castanie B., Barrau J.J. (1997) : Plaques Sandwichs Dissymétriques, Tome 1 : Theorie Et Programmation . Rapport Final Contrat Eurocopter/ADERMIP.

Castanie B., Barrau J.J., Creze S., Jaouen J.P. (1997) : Theoretical and experimental analysis of dissymmetric sandwich plates with compressible core. Proceedings of the Euromech 360 Colloquium, Saint-Etienne 1997, A Vautrin, Kluwer Academic Publishers.

Castanie B., Barrau J.J. (1998) : Plaques Sandwichs Dissymetriques, Tome 2 : Essais . Rapport Final Contrat Eurocopter/ADERMIP.

Castanie B., Barrau J.J., Creze S., Jaouen J.P. (1998) : Experimental analysis of assymetric sandwich plates under compression, shear and combined loadings. Proceedings of the Fourth Internationnal Conference on Sandwich Construction, Stockholm 1998, E-MAS Publishing.

Castanie B., Beltrando F., Jaouen J.P. (1999) : Analyse non linéaire géométrique de poutres sandwichs dissymétriques. Congrès Francais de Mécanique AUM 1999, Toulouse.
