Professor Emeritus
Department of Mechanical Engineering
University of Kentucky, Lexington, Kentucky

Selected Publications:

T. R. Tauchert, "Optimum design of a reinforced cylindrical pressure vessel," *Journal of Composite. Mat.*, vol.15, pp. 390-402, 1981.

Tauchert, T. R. (1985) Thermal stresses in plates-statical problems, in *Thermal Stresses I*, (ed. R. B. Hetnarski) Elsevier, Amsterdam, pp. 23–141.

Tauchert, Theodore R., "Thermal Stresses in Plates—Statical Problems," in *Thermal Stresses I*, Vol. 1, Elsevier Sciences Publishing Co., New York, 1986, pp. 23–141.

Tauchert, T. R. and N. N. Huang, "Thermal Buckling and Postbuckling Behavior of Antisymmetric Angle-Ply Laminates," *Proc. International Symposium on Composite Materials and Structures*, Beijing, China, June 1986, pp. 357–362.

Tauchert TR (1987) Thermal stresses in plates – dynamical problems. In: Hetnarski RB (ed) *Thermal stresses II*. Elsevier, Amsterdam, pp 2–56

Tauchert, T. R. and Huang, N. N. (1987) Thermal buckling of symmetric angle-ply laminated plates, *Composite Structures-4*, (ed. I. H. Marshall), Elsevier, London, pp.1.424–1.435

Tauchert, T. R., (1987) Thermal buckling of thick antisymmetric angle-ply laminates, *Journal of Thermal Stresses*, 10, 113–24.

Huang, N. N. and Tauchert, T. R (1988) Postbuckling response of antisymmetric angle-ply laminates to uniform temperature loading, *Acta Mechanica*, 72, 173–83.

Huang, N. N. and Tauchert, T. R. (1988) Large deformation of antisymmetric angle-ply laminates resulting from nonuniform temperature loadings, *Journal of Thermal Stresses*, 11, 287–97.

Huang, N. N. and Tauchert, T. R., “Large Deflections of Laminated Cylindrical and Doubly-Curved Panels Under Thermal Loading,” *Computers and Structures*, Vol. 41, No. 2, 1991, pp. 303-312.

Tauchert, T. R., “Thermally Induced Flexure, Buckling and Vibration of Plates”, *Applied Mechanics Reviews*, Vol. 44, No. 8, 1991, pp. 347-360.

Huang, N. N. and Tauchert, T. R. (1992) Thermal buckling of clamped symmetric laminated plates, *Thin-Walled Structures*, 13, 259–73.

Kumar N, Tauchert TR. Multiobjective design of symmetrically laminated plates. *J Mech Des* 1992;114(4):620–5.

Tauchert, T. R., Jonnalagadda, K. and Blandford, G. E. (1993) Thermal buckling of laminated plates using high-order deformation theories, in *Composites Properties and Applications* (ed. A. Miravete), Woodhead, Zaragoza, Spain, pp. 394–401.

T.R. Tauchert, “Temperature and absorbed moisture”, Chapter in *Buckling and Postbuckling of Composite Plates*, edited by Turvey and Marshall, Springer 1995, pp 190-226

Theodore R. Tauchert, “Large plate deflections, von Karman theory, dynamical problems”, *Encyclopedia of Thermal Stresses*, pp 2692-2697, 2014
