

## **Professor Alastair C. Walker**

**A typical dent in a pipe.** From: C.P. Ellinas and A.C. Walker, "Damage on offshore tubular bracing members", IABSE reports = Rappports AIPC = IVBH Berichte, Band (Jahr) 42 (1983), <http://dx.doi.org/10.5169/seals-32425>

Chair, Experimental Mechanics  
University of Surrey, Guildford, UK

Also: Associate Technical Director of J.P. Kenny & Partners Ltd, London, England (in 1983)

### **Biography:**

Alastair Walker, born 1937, received his B.Sc. at Royal College of Science & Technology, Glasgow, and his Ph.D. degree at the University of Glasgow. In addition to being Associate Technical Director of J.P. Kenny, he holds the Chair of Professor of Experimental Mechanics at the University of Surrey.
