Head of the Department of Aeronautics
Imperial College, London

Brief Biography:

Prior to joining Imperial College in 2005, he was Professor of Computational Mechanics and the Director of Aerospace Engineering at Queen Mary, University of London (1997-2004) and Reader and Head of Damage Tolerance Division at WIT, Southampton (1987-1997).

Selected Publications:

-----BOOK: Buckling and Postbuckling Structures: Experimental, Analytical and Numerical Studies edited by B. G. Falzon and M. H. Aliabadi, 2008, Imperial College Press, ISBN-13 978-1-86094-794-0, ISBN-10 1-86094-794-8
