http://www.researchgate.net/profile/Janendra_Bandyopadhyay

Member of Project Advisory Committee (PAC) of Civil and Environmental Engineering Area of SERB. at
Department of Science and Technology(DST)
Indian Institute of Technology, Kharagpur, India

Education: B. Tech. (Hons.), M. Tech. and Ph. D in Civil Engineering from I. I. T., Kharagpur

Selected Publications:

A. Dey, J.N. Bandyopadhyay and P.K. Sinha, "Finite element analysis of laminated composite paraboloid of revolution shells", Computers & Structures, Vol.44, No. 3, July 1992, pp. 675-682

Bandyopadhyay, K. ; Xu, J. ; Shteyngart, S., "Plastic buckling of cylindrical shells", Conference: 1994 ASME Fluids Engineering Division summer meeting, Lake Tahoe, NV (United States),19-23 Jun 1994

Bandyopadhyay K., "Seismic Design and Evaluation Guidelines for the Department of Energy High-level Waste Storage Tanks and Appurtenances", Brookhaven National Laboratory Report, BNL-52361, Upton, New York, 1995.

D. Chakravorty, J. N. Bandyopadhyay and P. K. Sinha, "Free vibration analysis of point-supported laminated composite doubly curved shells—A finite element approach", Computers & Structures, Vol. 54, No. 2, January 1995, pp. 191-198

Chakravorty D. , J. N. Bandyopadhyay and P. K. Sinha. 1996. "Finite element free vibration analysis of doubly curved laminated composite shells," Journal of Sound and Vibration, 191: 491-504.
