

Professor Jozsef Farkas

See:

https://www.researchgate.net/profile/Jozsef_Farkas3

Institute of Logistics
University of Miskolc, Miskolc, Hungary

Selected Publications:

Books:

Farkas J., Jármai K. (1997), Analysis and Optimum Design of Metal Structures. Balkema, Rotterdam-Brookfield.

Farkas J., Jármai K. (2003), Economic Design of Metal Structures, Millpress, Rotterdam.

J. Farkas, K. Jármai: Design and optimization of metal structures. Elsevier Science, 2008, Woodhead Publishing Series in Civil and Structural Engineering.

Farkas J., Jármai K. (2013), Optimum Design of Steel Structures, Springer Verlag, Heidelberg, Germany.

Journal Articles, etc.:

Farkas, J., Jármai, K., and Szabo, F. J., 1986, "Optimum Design of Longitudinally Stiffened Arbitrary Loaded Box Sections," Regional Colloquium on Stability of Steel Structures, M.Ivanyi, ed., Hungary, Vol. 1 , pp. 741–745.

Farkas, J., 1986, "Remarks to Design Problems of Stiffened Plate Structures," Regional Colloquium on Stability of Steel Structures, M.Ivanyi, ed., Hungary, Vol. 1 , pp. 757–759.

Farkas J., Jármai K. Analysis of some methods for reducing residual beam curvatures due to weld shrinkage, Welding in the World , Vol. 41, No. 4, 1998, pp. 385–398

Farkas J., Jármai K. (2000), "Minimum cost design and comparison of uniaxially compressed plates with welded flat-, L- and trapezoidal stiffeners", Welding in the World, 44(3), 47-51.

Farkas, J., and Jármai, K., "Optimum Design of Welded Stiffened Plates Loaded by Hydrostatic Normal

Pressure,” *Journal of Structural Multidisciplinary Optimization*, Vol. 20, 2000, pp. 311–316.

Farkas J. Thickness design of axially compressed unstiffened cylindrical shells with circumferential welds, *Welding in the World*, Vol. 46, No. 11–12, 2002, pp. 26–29.

Farkas J., Jármai K., Snyman J.A., Gondos Gy.: Minimum cost design of ring-stiffened welded steel cylindrical shells subject to external pressure, *Proc. 3rd European Conf. Steel Structures, Coimbra, 2002*, eds. Lamas A. and Simoes da Silva, L. Universidade de Coimbra, 2002, pp. 513–522.

Farkas J., Jármai K., Virág Z. Optimum design of a belt-conveyor bridge constructed as a welded ring-stiffened cylindrical shell, *Welding in the World*, Vol. 48, No. 1–2, 2004, pp. 37–41

Farkas J., Jármai K. Optimum design of a welded stringer-stiffened cylindrical steel shell loaded by bending, *Eurosteel 2005, 4th European Conference on Steel and Composite Structures*, Maastricht, The Netherlands, June 8–10, 2005. Aachen-Manz, 2005, pp. 15–22.

Farkas J., Simoes M.C. and Jármai K. (2005), “Minimum cost design of a welded stiffened square plate loaded by biaxial compression”, *Struct. Multidisciplinary Optimization*, 29(4), 298-303.

Simões, L.M.C, Farkas, J. and Jármai, K., ‘Reliability-based optimum design of a welded stringer-stiffened steel cylindrical shell subject to axial compression and bending’, *Structural and Multidisciplinary Optimization*, Volume 31(2), pp 147-155, 2006.

Jármai K., Snyman J.A., Farkas J. (2006), “Minimum cost design of a welded orthogonally stiffened cylindrical shell”, *Comput. Struct.*, 84(12), 787-797. <https://doi.org/10.1016/j.compstruc.2006.01.002>
