Department of Mechanical Engineering

University of Thessaly, Greece

TechnipFMC UK, Aberdeen (No access to the complete on-line site)

Education:

July 2006: Diploma in Mechanical Engineering (5-year professional degree), Department of Mechanical and Industrial Engineering, University of Thessaly, Greece. "Finite Element Analysis and Buckling of Tight-Fit-Pipes under External Pressure", Advisor: Dr. S.A. Karamanos.

March 2008: Master of Science in Mechanical Engineering (M.Sc.), Department of Mechanical and Industrial Engineering, University of Thessaly, Greece. "Stability of Confined Thin-Walled Steel Cylinders under External Pressure", Advisor: Dr. S.A. Karamanos.

January 2013: Doctor of Philosophy in Mechanical Engineering (Ph.D.), Department of Mechanical Engineering, University of Thessaly, Greece. "Structural Behavior and Stability of Cylindrical Steel Shells with Lateral Confinement", Advisor: Dr. S.A. Karamanos.

Research Interests:

Computational Mechanics, Structural Stability, Analysis and Design of Shells, Finite Element, Inelastic Behavior of Materials and Structures.

Award:

G.E.O. Widerra Literature Award for co-authoring the Outstanding Technical Paper entitled "Buckling Design of Confined Steel Cylinders under External Pressure" published in 2011 in the ASME Journal of Pressure Vessel Technology.

Selected Publications:
